Acknowledgement

When all good things come to an end, memories are left behind. In this regard, I feel obliged to all those who helped me to see this day.

To begin with I would like to express my deep sense of gratitude to Prof. Abhimanyu Mudi, my supervisor, for this valuable guidance, constant supervision, encouraging suggestion, motivation and pain taking efforts throughout the period of my project work of Environmental studies report (AECC-2).

I also wish acknowledgement this kind assistance of my respective teacher for giving the co-operation and intellectual guidance during my project work Last but no means least, I express my profound regards, thanks and affection to my parents and all other well- wishers for their direct or indirect help, encouragement and mental support which has made my project possible.
