The Director(P&R)
ICPR,
New Delhi,

Sub: Report on Indian Philosophers' Day celebration at Kharagpur College.

Respected sir,

Reference to the letter No-F. No, 12-9/2018/P&R/ICPR/13 dated March 6, 2019 regarding permission and fund towards organising celebration of Indian Philosophers' Day, we, the teachers, students of the Department of Philosophy with the support of college administration have celebrated the same on 14th August 2019. It started at 11a.m. with the lighting of lamps by the honourable guests in one Hall Room No 208 within our college complex. The honourable guest speakers present on this very day were former Professor Raghunath Ghosh from North Bengal University, former Professor Ratna Dutta Sharma from Jadavpur University and Professor Papia Gupta from Vidyasagar University. They delivered their lecture on three different topics. Professor Ghosh delivered his lecture on "Philosophy of Vivekananda and its relevance today". Professor Ratna Dutta Sharma delivered her speech on "The Philosophy of Rishi Devendranath Tagore". Professor Papia Gupta contributed her speech on "The Philosophy of Acharya Brojendranath seal". We all got enriched through these three outstanding presentations. They flourished various dimensions of Indian Philosophy in their awakening lectures. More than 70 (seventy) students and 20 (twenty) distinguished teachers of different faculties including our respected Principal and the President, G.B. of the college were present in the programme. Kaleswar Barman, head of the department of Philosophy has made the address of welcome to all. The programme ended with the vote of thanks presented by Dr. Sibsankar Tunga, Assistant Professor of Philosophy of Kharagpur College. We feel blessed, and hope that in future ICPR would extend its similar gracious support by funding us again suitably. We, the Department Of Philosophy, Kharagpur College express our gratitude and deep respect to the honourable authority of Indian Council of Philosophical Research New Delhi.

With deep regards .

Yours faithfully

Report on

“One day International Seminar on “Management Information System (MIS)”

The Department of Economics, Kharagpur College organized a day long International Seminar on the topic of Management Information System in collaboration with Debra College on 9th September 2019. The seminar convened by Dr. Sukla Saha Mondal, Associate Professor, (Department of Economics, Kharagpur College) was held in H.B. Sarkar Memorial Hall, Kharagpur College.

The program was inaugurated by Dr. Bidyut Samanta, Principal, Kharagpur College in presence of Dr. Anjan Chaki, President, Governing Body, invited speakers Prof. Saibal Datta and Prof. Kunal Ghosh among other dignitaries and teachers.

The Resource Person on the day was Dr. Sailbal Datta, Head, Quality Control/MIS, Media Trust, Nigeria and Prof. Kunal Ghosh of VGSOM, IIT Kharagpur was present as a Guest Speaker. Besides the departmental faculty and students, teachers and from other departments like Commerce, BCA Political Science etc. were also present in the program. Total number of participants numbered 65.

Participants gained knowledge about how information system can be used for decision making process in different types of organization and businesses. We learnt that Management Information System involves people, processes and technology in organizational context and facilitates controlling, planning and decision making at management level.

Date	24 th December 2019 1.30 p.m
Number of Participants (*)	122 (Students and teachers of the departments of Chemistry & Physics)
Speakers/Resource Persons	Tuhin Subhra Sahu Centre for Clean Energy Technology, School of Mathematical & Physical Sciences University of Technology Sydney, Australia & Ex Visiting Research Scholar in the University of Texas, USA
Remarks/Reports	The topic was quite new to the students, students were very much eager to know the modern trends on energy storage technology. The speaker elaborately demonstrated how nano material increase the energy density of lithium – sulphur battery. He also proved in his research how nanomaterial increase the stability of LSB. He also established the recyclability of the battery. Students and faculties both enjoyed the lectures and there was prolonged discussion among the speaker and audience.

Report of Workshop

Session- 2019-20

Topic of the programme	Precautionary measures against Corona Virus infection & hand sanitizer preparation
Organized by	Department of Chemistry
Mode of the workshop	Offline
Level	College level
Date	07.03.2020
Number of participants	45
Resource person	Dr. Forid Saikh, Assistant Professor, Department of Chemistry, Kharagpur College
Report	Dr. Forid Saikh addressed the students and teachers and explained how viruses spread, and he also discussed the precautionary measures needed to be taken. He also demonstrated the method of preparation of hand sanitizer maintaining the protocol laid by the World Health Organization. Importance of using hand sanitizers was also explained. The students also prepared sanitizer under the supervision of the teachers of Department of Chemistry. The session was highly interactive, and created awareness among the students. The prepared hand sanitizer in this workshop was distributed among the students, teachers and other nonteaching staff of the department.

Report of the State Level Seminar
Date: 13/03/2020

Department of Political Science organized a one day State Level Seminar on 13/03/2020 at H. B Sarkar Hall of the college. The Topic of the Seminar was ***70Years of Indian Republic: Understanding the Policies and Politics of State***. Dr Biswanath Chakraborty, Professor and Head of the Department of Political Science, Rabindra Bharati University, and Dr. Debashis Nandy, Associate Professor, Department of Political Science, Kazi Nazrul University, Asansol, were present as speakers and delivered two lectures on the aforesaid topic from two different perspectives. Dr Chakraborty has delivered his lecture from the point of view of history of Indian political system along with the role of state to nurture the idea of Republic. On the other hand, Dr. Debashis Nandy spoke on the issue from International perspective. Welcome address was given by Principal Dr. Bidyut Samanta and he chaired the programme.

150 students and teachers from different Departments were present in the seminar. Apart from this, Students from other departments, non-teaching staffs of the college were also present on that day and they have actively participated in question-answer and interaction session. The programme started at sharp 10:30 AM and it came to an end at 4:00 pm with the vote of thanks by the Head of the Department.

Report

Date: 24.03.2020

Being driven by its responsibility to fight against COVID 19, Kharagpur College took an initiative to extend its support to the local administration. As a part of the initiative the department of Chemistry had conducted a hand on training programme to the staff of SDO office (Kharagpur) on 24.03.2020. Faculty members of the department of Chemistry, Prof. Prasanna Kumar Duley (HOD) and Dr. Indranil Chakraborty demonstrated and gave hand on training about the process of preparing hand sanitiser (As per the protocol of WHO) to the staff members of SDO office. Honourable SDO, Kharagpur, Mr. Baivhab Chowdhury (IAS) was present during the training programme. About 30 litres of Hand sanitizers were handed over to the SDO for distribution among the people in need. The teachers also explained the method of precaution required to cope with spreading of the disease to the staff present there. Honourable SDO highly praised the initiative taken by Kharagpur College. Respected Principal Dr. Bidyut Samanta was present and constantly inspired the faculty members and the students during the entire process. The lab staff members, and some motivated students of Department of Chemistry were actively engaged in preparing and bottling of the sanitizer. Other office staffs of the college were also present there. Some important measuring equipment (measuring cylinder, Funnel, Beaker etc) and essential chemicals (Line Glycerine, Hydrogen peroxide etc) were also given to the staff of SDO office for preparing the hand sanitizer.

A write up about the process was also handed over to them.

Teachers present: Prof. Prasanna Duley, Dr. Indranil Chakraborty, Prof. Asutosh Chowdhury

Students present: Amitava Manna, Sumon Mukherjee, Ritam Das, Amlan Bhattacharya

Lab staff present: Sri Rabindranath Chakraborty, Sri Prasenjit Chakraborty, Sri Raj Kumar

International Level Webinar on Ethnic Literature

Date: 29.06.2020

Platform: Virtual (Google Meet & YouTube Live)

Schedule of the Lecture Series:

Day	Speaker	Date of the Lecture	Time	Title of the Lecture	YouTube Link
Day - 1	Dr. Elisabetta Marino, Associate Professor, University of Rome "Tor Vergata"	29.06.2020	1.30 pm (IST)	Ethnic Literatures in the US: The Birth of African American Literature and Italian American Literature	Click here

Program Highlights:

Introduction: The Department of English, Kharagpur College, in collaboration with the Department of English, Egra S.S.B. College, hosted an international special lecture on the theme "Ethnic Literatures in the US: The Birth of African American Literature and Italian American Literature." The lecture aimed to delve into the historical and literary aspects of two significant ethnic literatures in the United States.

Key Speakers: The chief speaker for the program was renowned scholar and literary critic, Elisabetta Marino. Ms. Marino, an expert in American literature with a focus on ethnic literatures, has extensively researched and published works on African American and Italian American literary traditions.

Welcome Address: The event commenced with a warm welcome address by Dr. Dipak Kumar Tamili, the principal of Egra S. S. B. College. He expressed his gratitude to the collaboration with Kharagpur College and highlighted the importance of exploring diverse literary traditions.

Inaugural Address: Dr. Bidyut Samanta, the principal of Kharagpur College, delivered the inaugural address, emphasizing the significance of understanding and appreciating the multicultural fabric of American literature. He lauded the joint initiative of both colleges in organizing this enlightening lecture.

Chief Lecture: "Ethnic Literatures in the US": Elisabetta Marino delivered an insightful lecture, exploring the historical background and evolution of African American literature, tracing its roots from the era of slavery to the present day. She also shed light on the emergence and development of Italian American literature, discussing its unique themes and contributions to the broader American literary landscape.

Interactive Session: Following the lecture, there was an engaging interactive session where the audience had the opportunity to ask questions and share their thoughts. Ms. Marino responded thoughtfully, providing additional insights into the complexities of ethnic literary traditions.

Vote of Thanks: The event concluded with a vote of thanks by the coordinators of the program, expressing gratitude to the chief patrons, speakers, attendees, and collaborators for their contributions in making the lecture a success.

Conclusion: The international special lecture on "Ethnic Literatures in the US: The Birth of African American Literature and Italian American Literature" was a significant academic endeavor that provided a platform for intellectual exchange and exploration. The collaboration between Egra S. S. B. College and Kharagpur College demonstrated a commitment to promoting a comprehensive understanding of American literary traditions. The insightful lecture by Elisabetta Marino left a lasting impact, encouraging further exploration and appreciation of diverse literary voices.

Overview

Diverse Topics: The series covered a wide array of topics, including Indian English poetry, endangered languages, postcolonial diasporas, classic literature, Dalit literature, and postmodernism, among others. This diversity ensured that participants gained exposure to various literary genres, critical approaches, and cultural perspectives.

Expert Speakers: Renowned scholars and experts delivered lectures, offering in-depth analyses and insights into their respective fields. Participants had the opportunity to learn from professionals with extensive experience and knowledge, enriching their understanding of literature and critical theory.

Interactive Sessions: The online format allowed for interactive sessions where participants could engage with the speakers through live discussions, Q&A sessions, and virtual interactions. This interactive format facilitated active participation and encouraged the exchange of ideas and perspectives among participants and speakers.

Accessible Platform: The lectures were live-streamed on YouTube, providing a convenient and accessible platform for participants to attend from anywhere with an internet connection. Additionally, the recordings were made available afterward, allowing participants to revisit the lectures and access the content at their convenience.

Outcome for Participants

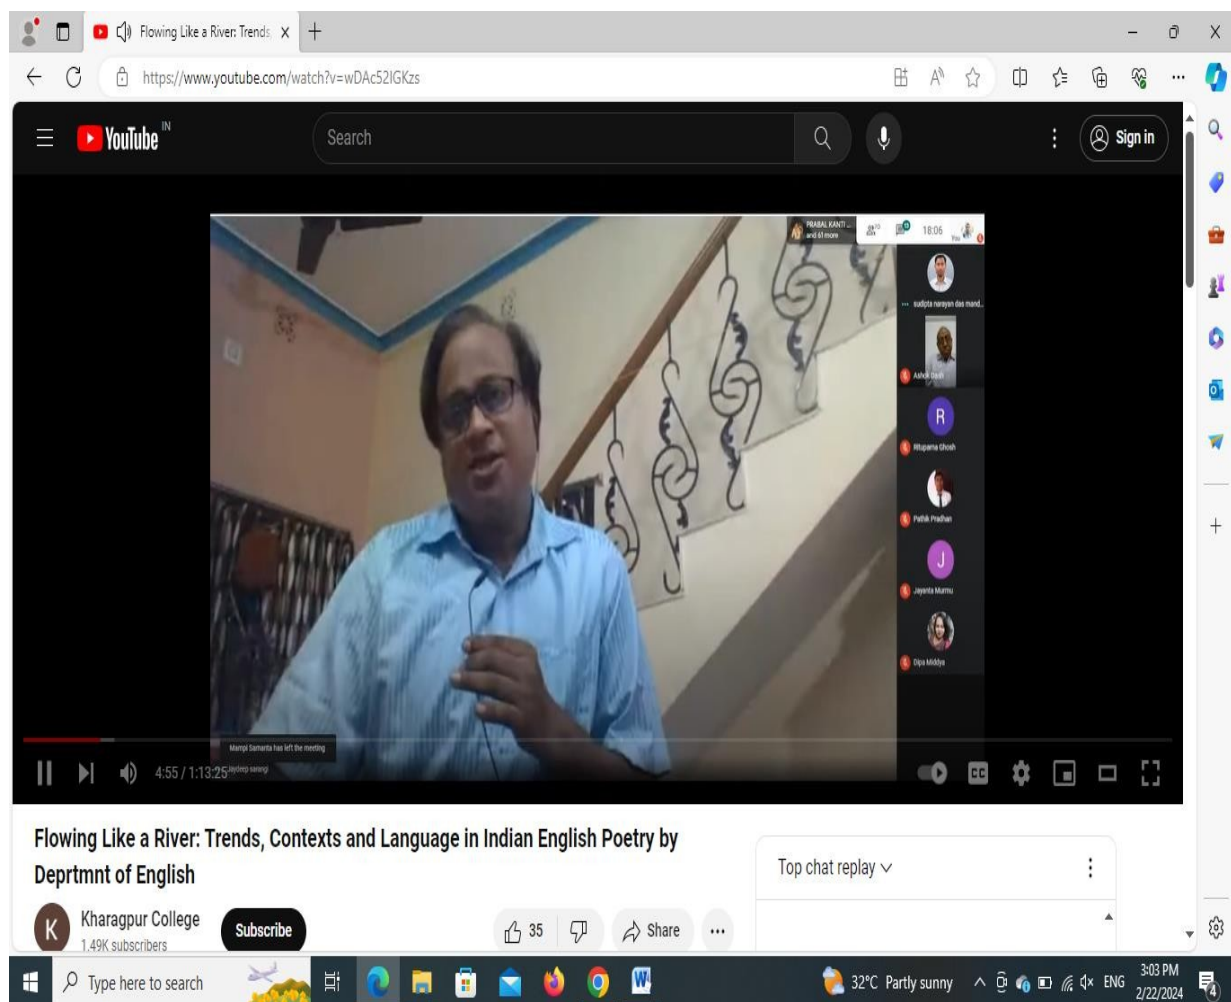

Enhanced Knowledge: Participants gained a deeper understanding of various literary themes, linguistic studies, and critical theories discussed during the series. The lectures broadened their knowledge base and exposed them to new ideas and perspectives within the field of literature and language studies.

Critical Thinking Skills: Engaging with complex literary theories and critical analyses encouraged participants to develop their critical thinking skills. By examining literature through different lenses and perspectives, participants learned to analyze texts more critically and engage with them on a deeper level.

Professional Development: For students and academics in the field of English literature and language studies, the series provided valuable professional development opportunities. Participants had the chance to learn from esteemed scholars, gain insights into current research trends, and expand their academic networks.

Inspiration and Motivation: Exposure to diverse literary topics and engaging discussions with expert speakers likely inspired participants to further explore the field of literature and language studies. The series may have sparked new research interests, inspired creative writing endeavors, or motivated participants to pursue further education and professional opportunities in the field.

10.30-10.40	Welcome address by Dr. Jyotirmoy Pramanik, Associate Professor, Department of Physics & Convener, Webinar organising committee
10.40-10.50	Inaugural speech by Dr. Bidyut Samanta, Principal, Kharagpur College & Chairman of the Webinar organising committee
10.50-11.00	Speech by Prof. Anjan Chaki, President, Governing Body, Kharagpur College & Patron in Chief, Webinar organising committee

Technical Session

	Topic of lecture	Speaker
11.00-11.45	Lecture-I Physics & Technology of Ion Acceleration System for Fusion Research.	Dr. Mukti Ranjan Jana Associate Professor, Homi Bhabha National Institute (HBNI) Scientific Officer – G, Institute for Plasma Research, Gandhinagar
11.45-12.30	Lecture-II Physics of Dusty Plasmas: Recent Experiments	Dr. Pintu Bandyopadhyay Associate Professor, Institute for Plasma Research, Gandhinagar
12.30-13.15	Lecture-III Decreasing Dimensionality – Increasing Functionality: A step to Care our Environment.	Dr. Kuntal Chatterjee Assistant Professor, Department of Physics, Vidyasagar University
13.15- 14.00	Lecture-IV Magnetism at the Nanoscale Level	Dr. Samir Kumar Giri Assistant Professor, Department of Physics, Kharagpur College
14.00-14.45	Lecture – V Quantum Mechanics: Origin to Nanoscience	Dr. Sanjib Sarkar Assistant Professor, Department of Physics, Alipurduar College
14.45-15.00	Vote of thanks by Dr. Ritwik Saha, Assistant Professor & HOD Physics & Secretary, Webinar organising

- Minaral Saikh Good Morning to all 🙏🙏🙏
- Parbati Basu Hello
- Puspendu Kulla PUSPENDU KULLA, good morning
- Sk Md Samiuddin Hlw
- Prakash Barik Very good morning to all
- Anand Srivastava good morning
- Indrani Chakraborty Good morning and welcome to the webinar of Kharagpur College
- Prakash Barik tq
- pankaj patra good morning everyone.
- SINDHU TILAK Good Morning everyone
- SHATISH KUMAR GAUTAM Good morning
- Megha Chowdhury gd mng
- Anjali. tku 😊
- Sanhita Paul Good Morning all.
- Subhajit Manna Subhajit Manna is here
- USHASI Dutta good morning
- TRISHA KHAN Good morning
- Dibya Das very good morning
- Laxminarayana Munigala GOOD MORNING EVERYBODY
- Gistane Mirasol Angalot Good morning!

- Subhajit Dash good morning everyone
- Sravankumar Kota Hi
- Soumen Maity Good morning everyone. I am Soumen Maity from West Bengal, India.
- Sourav S Sravankar Good morning
- Sravankumar Kota Good Morning
- KOUSHIK GAYEN good morning everyone
- Raj Surya 17 Good morning sir
- Bikram Das GOOD MORNING 🙏
- Anish Chakraborty Good morning everyone
- Purba Pahari gd morning... Purba Pahari, PG student, MSc in Zoology from Vidyasagar University, purbapaharir@gmail.com
- Ashok Banerjee good morning
- DILIP MAITY good morning everyone
- Mae Ornan Good afternoon!
- SREYA SASMAL Good morning everyone
- pankaj patra it has stopped
- Prakash Barik Good morning everyone.Prakash Barik,Japur Odisha, studying mechanical engineering in Gandhi Institute Of Excellent Technocrats, Ghangapatna,Bbsr
- pankaj patra It's ok
- Pijush Kanti Gan Good Morning Str....

Advancement of Plasma Physics and Nanoscience by Department of Physics

Fusion

Advantage

- No pollution
- Fuel is abundant
- Suitable for large scale production

${}^2\text{H}_1 + {}^3\text{H}_1 \rightarrow {}^4\text{He}_2 + n_0 + 3.27\text{MeV}$ (D-Dn)
 ${}^2\text{H}_1 + {}^3\text{H}_1 \rightarrow {}^3\text{He}_1 + {}^1\text{H}_1 + 4.03\text{MeV}$ (D-Dp)
 ${}^2\text{H}_1 + {}^3\text{H}_1 \rightarrow {}^4\text{He}_2 + n_0 + 17.59\text{MeV}$ (D-T)
 ${}^2\text{H}_1 + {}^3\text{He}_2 \rightarrow {}^4\text{He}_2 + {}^1\text{H}_1 + 18.3\text{MeV}$ (D-He)

D-T fusion need ~ 10 keV Temperature where 1 eV = 11600 K

High temperature can be produced in Tokamak Plasma

Source: Deuterium (D): Sea water
Tritium (T): ${}^6\text{Li}_3 + n_0 \rightarrow {}^4\text{He}_2 (2.05\text{MeV}) + {}^3\text{H}_1 (2.75\text{MeV})$

YouTube video player interface showing a lecture titled "Electrocatalytic CO₂ Reduction Reaction : Different possibilities.....". The video is presented by Kuntal Chatterjee Faculty, Physics, Kharagpur College. The main content displays a diagram of an electrocatalytic cell with various reduction pathways for CO₂ on a surface, including H₂O, CH₃O, CH₃OH, CH₄, CH₃CH₂OH, CH₃CH₃, C₂H₆, and C₂H₅OH, with corresponding electron transfer numbers (2e⁻ to 18e⁻). A sidebar on the right shows a list of participants and a chat window with messages. The video player includes standard controls like play, pause, and volume. Below the video, the channel name "Kharagpur College" and a "Subscribe" button are visible. The video has 2.2K views and was streamed 3 years ago.

YouTube video player interface showing a lecture titled "Ferromagnetism". The video is presented by Samir Giri, Kharagpur College. The main content displays a diagram of a ferromagnetic material with magnetic moments aligned in a direction, showing the relationship between magnetization (M) and magnetic field (H), and the hysteresis loop. The diagram includes labels for Saturation Magnetization, Curie temperature (T_C), Remanence (M_R), and Coercivity (H_C). The video player includes standard controls like play, pause, and volume. Below the video, the channel name "Kharagpur College" and a "Subscribe" button are visible. The video has 2.2K views and was streamed 3 years ago.

YouTube video player showing a presentation slide titled "The photoelectric effect". The slide content is as follows:

The photoelectric effect

- Philipp Lenard (1862-1947) focused cathode rays (soon to be identified as electrons) at thin metal foils.
- In 1899, he started doing the same with light rays and discovered that the light ejects electrons from the metal.
- He expected that the emitted electrons would acquire their kinetic energy from the light beam.

Lenard's observations

- In 1902, he discovered that the electron energies were entirely independent of the light intensity, but depended on the frequency (= colour) of the incident light.
- Also, for a given frequency of the incident light, the rate at which electrons were ejected from the metal was directly proportional to the intensity of the light.
- Furthermore, there was a certain threshold frequency below which no electrons were ejected, independently of the intensity of the light.

Top chat replay:

- swapan kamila thank you sir.
- Pushpita Chandra very informative
- Anish Chakraborty Thank you for your nice presentation
- PUJA MAJEE thank you sir
- Debayoti Biswas very nice
- Rajkumar Gupta wonderful session
- Ranjita Rout nice presentation
- Sravankumar Kota Can I have feedback link
- Prakash Barik why alpha,betaand gamma ray have higher frequency
- Arbab Banerjee feedback link?????
- DIVYA S D informative session.
- saarabhi tiwari nice explanation sir
- Dandapat informative
- Prasenjit sen Good Presentation, Sanjib Da.
- Prakash Barik where ultra wave mechanism used
- Roschelle Zamora Good presentation for the interesting topic sir
- Malik Basharat Ahmad Nice presentation
- Srijita Chakraborty very informative and valuable lectures...sir, very nice topic... I like the topic...
- Dodot Diaz

- Rajkumar Gupta Nice presentation
- Rajkumar Gupta when we will get feedback link.
- Anjali
- Malik Basharat Ahmad plz share the feedback link
- GREYA SASMAL Very informative Presentation Sir, thank you
- Roschelle Zamora Nice presentation
- Malik Basharat Ahmad I thank all the speakers and the whole team for organising such a wonderful informative webinar. Thansling you
- saarabhi tiwari informative session
- Ashok Banerjee thank you
- Debarati Bhattacharyya Very nice representation sir- Thank you
- MSK006 feedback link please
- Rajkumar Gupta Thanks everyone for wonderful session.
- Rim what is the quantum dot in one sentence
- Purbha Pahari sir feedback link
- Modhumita Sariket how does colour change in quantum dots?
- Rim what is ultraviolet catastrophe
- PRASHANT KUMAR please share feedback link
- Anish Chakraborty Thank you
- Rahul Kumar sir plzz feedback link

Report

National WEBINAR

On

Advancement of Plasma Physics and Nanoscience

Organised by

The Department of Physics

30th June, 2020

Department of Physics, Kharagpur College has organised a one-day national Level webinar on “Advancement of Plasma Physics and Nanoscience ” on 30th June 2020. The webinar generated huge response among the students, faculty members, technical professionals and scientists in India and abroad. As good as 1191 participants have registered in the webinar, out of these, (415) from different college and University of West Bengal, (446) from different states of India, mostly from all the states. More than (330) are from abroad mostly from Bangladesh, Pakistan, Nepal, Philippines, Thailand, Myanmar, Indonesia, Malaysia. Dr. Jyotirmoy Pramanik, convener of the webinar organizing committee, extended a very warm and hearty welcome to all the participants.

Dr. Muktiranjana Jana, Scientific Officer G, Neutral Beam Injection Group, Institute for Plasma Research and Dr Pintu Bandyopadhyay, Associate Professor, Institute for Plasma Research, the resource persons, were virtually present and delivered a talk on recent research, development and experiments on Plasma Physics in India in the webinar.

Dr. Kuntal Chatterjee, Assistant Professor, Department of Physics, Vidyasagar University, was also with us to present his recent research works on “Nanoscience: A step to care our environment”.

We have also two young and enthusiastic faculty as resource persons.

Dr. Samir Kumar Giri, Assistant Professor, Department of Physics, Kharagpur College presented his research experiences on magnetism in the Nanoscale level.

Dr. Sanjib Sarkar, Assistant Professor, Alipurduar College have also join with us, to share his research and teaching experiences.

All the resource persons of this webinar showed their commendable performance in the field of Plasma physics and Nanoscience from time to time. They are kind enough to remain present among us today, in the webinar. We are true sense thankful to them.

E certificates were provided to the all participants through registered e-mail. The webinar was conducted in google meet, and the whole webinar was streamed live through you tube link: <https://youtu.be/dLmMzJ5LcY8>. At the end, Dr. Ritwik Saha, HOD, Physics expressed vote of thanks to the speakers, organising committee members and to the participants.
